INTRODUCING Certified Big Plays™

WE DEFINED THEM...

Alabama's big plays include inside kick

Alabama's from page C1

Watson threw his third touchdown pass to make it 38-33 with 4:40 left, and then Alabama went back to its workhorse Heisman Trophy winner, Derrick Henry plunged into the end zone for his third touchdown of the game to make it 45-33 with 1:07 left.

Watson threw another touchdown pass but would not get another chance. Clemson's inside kick went out of bounds. Coker took a knee, and Alabama's dynasty was very much alive and well.

Watson gave the Tide fits, throwing for 405 yards and four touchdowns.

The Crimson Tide became the second team in college football's poll era, dating back to 1936, to win four titles in seven seasons.

Alabama joins Notre Dame, which won four titles from 1943-49. For Saban, it is his fifth national championship — four in his nine seasons at Alabama — leaving him only one short of former Tide coach Bear Bryant for the most all-time.

Certified Big Plays Measure the Momentum of the Game.SM

PVS™

Certified Big Plays™ are tabulated in real-time as plays happen on the field of play.

Because Big Play Scoring measures momentum, we not only highlight and predict success, but also track and quantify the cost of missed opportunity.

With Big Play Scoring, the scoreboard plays catch-up.
